Philadelphia, August 18.

By William Keith, Esq; Governour of the Province of Pennsylvania, and Counties of Newcastle, Kent, and Sussex.

A P R O C L A M A T I O N.

WHEREAS Complaint has been made, that Courts of Chancery, or Equity, tho' absolutely necessary in the Administration of Justice, for mitigating in many Cases the Rigour of the Laws, whose Judgments are tied down to fixed and unalterable Rules, and for opening a Way to the Right and Equity if a Cause for which the Law cannot in all Cases make a sufficient Provision, have notwithstanding been too seldom regularly held in this Province, in such a Manner as the aggrieved Subjects might obtain the Relief which by such Courts ought to be granted: And whereas the Representatives of the Freemen of this Province taking the same into their Consideration, did at their last Meeting in Assembly request me, that I would with the Assistance of the Council open and hold such a Court for this Province. To the end therefore that his Majesty's good Subjects may no now complained of, I have thought fit, by and with the Advice of the Council, hereby to publish and declare, that with their Assistance, I propose, (God willing) to open and hold a Court of Chancery, or Equity, for this Province of Pennsylvania, at the Court House of Philadelphia, on Thursday the 25th of this Instant August; from which Date, the said Court will be and remain always open for the Relief of the Subject, to hear and determine all such Matters arising within the Province aforesaid, as are regularly cognizable before any Court of Chancery, according to the Laws and Constitutions of that Part of Great Britain called England. And his Majesty's Judges of his supreme Courts, as well as the Justices of inferior Courts, and all others whom it may concern, are required to take Notice hereof, and to govern themselves accordingly.

Given at Philadelphia, the 10th Day of August, in the Seventh Year of the Reign of our Sovereign Lord George, King of Great Britain, France, and Ireland, Defender of the Faith, &c. Anno Dom. 1720.

Rome, Sept. 7. On the 4th Instant the Pope gave Audience to several Ministers; and on the 6th to Cardinal Althan, who some Days before had received Dispatches from Vienna by a Courier who continued his Journey towards Naples, from which Place he is to proceed to Sicily. His Holiness has nominated Sig. Crispo Auditor of the Rota to the Archbishoprick of Ravenna. The Square of Navonna was watered on the 1st Instant, at the Request of the Princess Sobieski; she was in a Balcony belonging to the Church of St. James of Spain, where Cardinal Acquaviva received her, and entertained her with all kinds of Sweet-meats, she had

done several times before. The same Day the Congregation de Propaganda Fide was assembled by the Pope's Order to deliberate upon the Affairs of Religion in the Indies, from whence 'tis reported the Missionaries are all banished. Cardinal Giudice has given a magnificent Entertainment to Cardinal Althan and several other Lords of the Emperour's Party. An extraordinary Congregation was held at the Quirinal some Days past, upon the Process relating to Cardinal Alberoni, against whom 'tis said new Matter is found, but 'tis thought no Resolutions are yet taken in that Affair. An extraordinary Congregation will be held To-morrow, to regulate the March of a Body of German Cavalry who take their Route through the Ecclesiastical Territories. The Portuguese Ambassadour is getting ready a splendid Equipage for Cardinal Pereyra de la Cerda; and the Cardinal Archbishop of Malines having wrote to his Agent here to do the like, 'tis thought he designs also to come hither. All proper Methods are continued for preventing the Plague from infecting these Parts, and a few Days ago an Edict was issued, forbidding all Commerce with the Swiss, the Grisons, and part of Tuscany. The same Edict requires that all Letters

Paris, Oct. 12. Letters from Vigo of the 24th of last Month advise, that 24 Vessels having on board 11 Battalions, 1 Regiment of Horse, and 1 of Dragoons, most of them veteran Troops, with their Field Equipages, had sailed from thence for Cadix under the Convoy of two Men of War, and they had an Account were got safely thither. From Corunna they had also an Account at Vigo, that 29 Vessels on board which were 8 Battalions with Stores of Provisions, as also 23 Flat-bottomed Vessels having on board 1 Regiment of Horse and 1 of Dragoons, had all sailed from thence for Cadix, under the Convoy of two Men of War, two Gallies, and a Frigate. It was advised from San Lucar, that two large Men of War built there, and two Frigates built at St. Andero, would be ready to put to Sea the end of this Month. Letters from Alicante of the 24th past, tell us a great Quantity of Corn and Meal, with Stores of Ammunition, several Pieces of Cannon for Battery and large Mortars, Tools for breaking up Ground, and other Materials used in a Siege, were imbarcking there on 14 Transports; and it was reported that the Troops quartered in Valencia and Granada were ordered to march to imbarck at Alicante on a great Number of Transports. On the 9th Instant, a long Conference was held at the Palais Royal, concerning the Affair of the Pope's Constitution, at which were present the Cardinals of Noailles, of Rohan, of Gesores, and of Mailly, as likewise the Bishop of Frejus, the King's Præceptor. It is not yet known what Resolutions were taken in this Assembly, but 'tis certain that Cardinal de Noailles persists in his Refusal to publish his Mandement and Pastoral Instructions upon that Subject, notwithstanding

withstanding the strong Sollicitations which have been made to prevail with him to do it. Monf. Coyzevox, Sculptor in Ordinary to the King, and Director of the Academy of Painting and Sculpture, died here the 10th Instant, aged 81 Years. The Discount upon the Bank Notes is now at 80 per Cent, and 'tis expected will be considerably more, when the further Diminution upon the Money takes Place on the 16th Instant. The Dutches Dowager of Hanover, who has been expected here some time from Vienna, is said to have stopped at the Court of the Elector of Bavaria. The Palace of Luxembourg is got in a Readiness to receive her when she arrives here. His Royal Highness the Duke Regent went Yesterday Morning to pay a Visit to the Abbess de Chelles, his Daughter, who 'tis still said is to be dispensed from her Vow, and to be married to the Duke of Bourbon.
